

Aïku Stool

Designer	Jean Marie Massaud
Year	2019

The Aïku Stool, designed by Jean Marie Massaud, stands out for its balance of refined aesthetics and functionality, typical elements of the designer's distinctive style. Available with a wooden base or in a stackable sled version, it is perfect for spaces requiring flexibility. The shell, available with 'saffiano' effect texture in various colours or in the padded version, makes it ideal for contemporary homes.

Designed to seamlessly fit into residential settings, the Aïku Stool pairs elegantly with kitchen counters and islands, offering a stylish and understated solution for domestic spaces.

External shell in glossy white

Two-colour polypropylene through injection-moulding, mass pigmented with double finish: gloss white outside and matt "saffiano" effect inside.

Fully upholstered shell

Injection moulded polypropylene body, cold moulded padding shaped and applied on the load-bearing piece.

Sled base

Matt painted or chrome-plated steel rod. Stackable.

External shell in glossy black

Two-colour polypropylene through injection-moulding, mass pigmented with double finish: gloss black outside and matt "saffiano" effect inside.

Cover

Fabric or leather, non-removable cover.

4 wooden legs

Solid oak.
