

# Cosy Low Table

Designer	Francesco Rota
Year	2017

Cosy Low Table features a simple architecture with clean, precise lines. Paired with the Cosy sofas, it provides exceptional functionality while maintaining the modern design of the collection. Its slim, rigid structure contrasts beautifully with the soft, generous volumes of the upholstered pieces, offering a stable and practical surface.

**Frame**  
Curved aluminium, 6 mm thick, matt epoxy powder-coated.
