

Flow Chair Iroko

Designer	Jean Marie Massaud
Year	2020

Icon of MDF Italia, the Flow collection with its Iroko wood base is perfect for outdoor environments. Known for its high density and resistance to weather, sunlight, and temperature fluctuations, Iroko wood ensures exceptional performance in outdoor settings. Its smooth and uniform surface adds elegance to the base, characterised by four legs and 360° swivel, in order to offer maximum versatility and comfort.

The essential and modern profile of Flow Chair Iroko allows it to seamlessly integrate into contract and hospitality spaces, meeting the sector's demands.

Shell

Polycarbonate through injection moulding, mass-pigmented with dual finish: glossy outside and microgroffered inside.

4 wooden legs, girevole 360°

Solid Iroko, a very dense African wood highly resistant to bad weather, light and extremes of temperature. All parts are treated using an exclusive varnish, specifically for outdoor use.

The hook support is made of aluminium and is painted combined with the colour of the shell.

Accessories on request

Protective rain cover in light grey colour, specifically for outdoor products, waterproof, made of 100% polyester, outside with acrylic coating, inside with acrylic resin coating. Its characteristics are emphasised by its fully fungicidal Teflon finish.

Each rain cover comes with a closable slip cover, so that it can be folded and kept correctly when not in use.
