

# Le Banc

Designer	Xavier Lust
Year	2001-2018

Designed by Xavier Lust, Le Banc is a bench with an essential and versatile design, created to integrate with elegance into residential settings, public spaces, and gathering areas, both indoors and outdoors. Made in aluminum, a material that ensures lightness and durability, Le Banc conveys a sense of continuity and compactness thanks to its single curved sheet construction. Available in matt painted finish in aluminum or in white, or in glossy painted finish in white, red, and black, its slim profile of just 6 mm combines aesthetics and functionality in a solution that adapts effortlessly to various spaces and needs.

**Frame**  
6 mm thick curved aluminium, matt or glossy painted.
