M1

Designed by Piergiorgio Cazzaniga

MDF Italia pure and essential lines expressed in a practical, multitask slightly informal elegance. Piergiorgio Cazzaniga's M1 looks like this: an eco-friendly, fully recyclable chair, that is also stackable, in the plastic shell version, offering top functionality in every space. Available with plastic shell, either painted or coated with over 400 fabric or leather colour variations, M1 comes with the classic stainless steel or chrome base, and more recently, with a tone-on-tone painted base.

For this chair, different shades can be selected to meet the needs of different environments: from home –kitchen, living area and bedroom – to business spaces, such as offices, conference rooms, up to public venues, such as bars and restaurants.

M1 shape can be seen in both indoor and outdoor spaces, thus confirming its versatility that has made it the protagonist in many projects.

SHELL AND BASE

The plastic shell (partially recycled linear polypropylene) is produced using the co-injection process, mass pigmented in matt white or matt painted lead grey.

Stackable chair only with mass-pigmented shell or upholstery.

Bases:

- satin-finish 304 or 316 stainless steel;
- chrome-plated;
- steel painted with polyester powder with matt white and lead grey finish.

The shells can be matched with the bases in the same colour (with plain colour effect) or with the chrome-plated or stainless steel finishes. Fully recyclable.

UPHOLSTERY KIT

The standard version can come with an upholstery kit (in fabric or leather plus padding) which makes the shell fully padded.

Polyurethane filling. The upholstery kit can be purchased separately and is easy to remove, thus leaving the chair in the standard version.

OUTDOOR

Outdoor use for the chair with white shell and base in:

- satin-finished 316 stainless steel for an absolute resistance to atmospheric agents;
- matt painted white.
