SALVADOR DALÍ  
1937  
DALÍ SERIES

### COMPONENTS, MATERIALS & FINISHES

Structure sculpted from lime wood bleached and varnished with one coat of primer and two coats of semi-matte nitrocellulosic lacquer. The structure is formed using a base in which 5 moveable drawers appear along with a crutch above the area where the electrical portion rests. The two pieces stay united from top to bottom through a rifled M10 stud.

Lampshade made in a steel structure, coated with RAL 9010 epoxy paint. The fabric used as a light diffuser is beige coloured lingerie satin. Hand made.

BLACK EDITION: carved lime-wood structure, stained in black or varnished with a black linen lamp shade.

### ELECTRICAL EQUIPMENT

Nominal voltage: 230V  
Nominal frequency: 50Hz  
Isolation class: CLASS I  
IP: 20  
Number of lamps: 1  
Power: 100W  
Lamp type: Incandescent  
Lamp holder type: E-27

This light is conceived to be set up on a normally inflammable surface. It has been tested according to UNE-EN 60598-2-1:93 and UNE-EN 60598-1:01 and has achieved marking.

Electrical installation with earth plate for a LED light bulb of 100W maximum. Golden chain switch in the socket.

Support leg in solid faded beech. This is varnished with a coat or pore cover and two coats of semi-matt nitrocellulose lacquer. The leg is supported against the structure with a wooden peg.

Counterweight of shot wrapped in a white cotton sewn bag.

This is placed inside the structure. This is placed inside the structure.

### AUTHENTICITY DETAILS

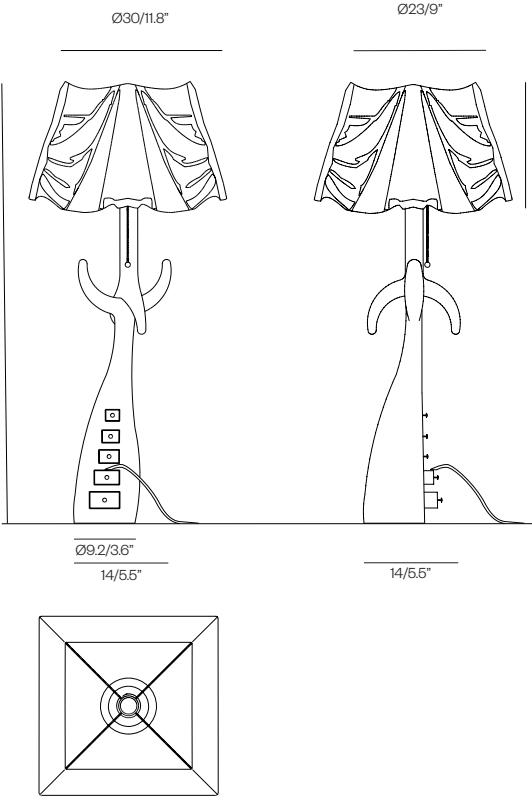

Identification plaque 5x1cm) of shiny polished brass with adhesive on one side in which appears engraved: "Lámpara Cajones, 1937, Salvador Dalí, Bd Ediciones de Diseño" and the serial number of the product.

The plaque is situated in the inferior part of the structure.

## DIMENSIONS AND WEIGHT

Lamp: 30x30xh.86.7cm; 4kg/ 8.8lbs  
Lampshade: 30x30xh.30cm; 10kg/ 22 lbs

## PACKAGING

The lamp will be delivered properly packed and in a box of triple-layered cardboard with pinewood-reinforced lateral sides. The lampshade comes in a properly wrapped separate box.

## MAINTENANCE

Dyed Lime Wood Finish: Apply a natural wax product with a cotton cloth or use only a dry cotton cloth. Do not use abrasive or solvent products.  
Lampshade Chiffon Finish – Cotton: Clean surface applying a dry cotton cloth. Do not use abrasive or solvent products.

## USE AND PLACEMENT:

1. The lamp supplied is "apt for indoor placement".
2. The lamp should be correctly used with an alternating current feed.
3. If the lamp has a flexible cable or the lead is damaged, this should be exclusively substituted by the manufacturer or by their appointed technical support service. An equivalent qualified person may also repair the lamp with the objective of avoiding any damage.
