

# MONKEY SIDE TABLE

JAIME HAYON  
2015

bd

## COMPONENTS, MATERIALS & FINISHES

Side table made of solid architectural concrete. The concrete used to make the tables is made up of a mix of natural raw materials and specific additives. The raw materials are taken from sites with calcareous rock deposits (limestone and dolomite) and other metamorphic rocks (granite, basalt and quartzite).

The grey and white options are apt for indoor and outdoor use while the black finish is apt only for indoor use. Regulatory glides are included.

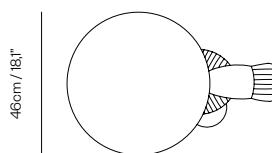

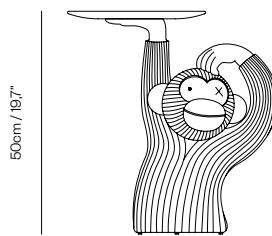

Due to the natural materials used for this table we cannot guarantee a totally homogeneous surface or an even colour.

## DIMENSIONS AND WEIGHTS:

60 x 40 x h.59 cm - 26 kg  
23,6" x 15,7" x h.23,2" - 57 lbs

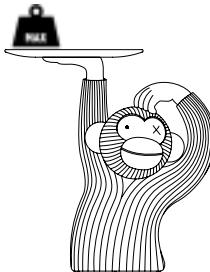

### Dimensions

Ø 40cm / 15,7"

### Load Weight

10 kg - 22 lbs

## LOAD WEIGHT

Do not seat on the table.

Maximum recommended weight load: 10kg - 22lbs

## PACKAGING

There are two different packagings.

- Standard: cardboard box with interior protections, placed on a pallet.
- Reinforced: wooden cage with interior protections. (U.S.A, Asia and optional for the rest of areas)

## CLEANING AND MAINTENANCE

Clean with a damp cloth or a mild soap, recommended to use a green baize. Do not use cleaning products with alcohols and solvents or their derivates.

Spilled beverages and other liquid stains should be cleaned up immediately. In the case of stains that are difficult to remove, a mixture of water and perfumed ammonia can be applied with a white cotton cloth. The mix should be 10% ammonia and 90% water.
