

COMPONENTS, MATERIALS & FINISHES

SEAT reproduced in oak (wood).

SUPPORT base is made of a unit including four legs, forming the inferior structure of the chair.

BACK rest reproduced in solid oak (wood) and is supported by the main frame.

The chair is made of solid oak (wood) with a light tint of dark oak and varnished.

DIMENSIONS & WEIGHT

54 x 52 x h.94cm - 14kg

(Seat Height. 450 mm)

21,2 x 20,4 x 37" - 30,8 lbs

CLEANING AND MAINTENANCE

The furniture should be stored in the most stable conditions in terms of temperature (15-35°) and humidity. Only suitable for indoor use.

It is recommended not to expose the piece directly to air conditioners or hot spots.

Extreme changes in temperature and / or humidity directly influence the material behavior.

Due to its condition of natural (living) element the wood dilates and contracts, (absorbs or releases humidity).

Changes in the parameters already mentioned depend directly on the furniture location in the customer's home.

PACKAGING:

Each chair is adequately protected with layers of foam wrap and provided in a cardboard box.
