SEAT made of brass by lost-wax casting. The parts have a polished, glossy surface, and include a clear, 25-micron varnish based on high strength epoxy resins, air dried.

## AUTHENTICITY DETAILS

IDENTIFICATION PLATE (5x1cm) made of polished brass with adhesive on one side, engraved with: "Sillón Leda, 1935/1937, Salvador Dalí, Bd Ediciones de Diseño and the serial number of the product". The plate is located on the underside of the seat.

TRANSPARENT ADHESIVE (5x1cm) with black text that states: "© Salvador Dalí, Fundación Gala-Salvador Dalí, Barcelona 2003 (year of current edition).

## DIMENSIONS AND WEIGHTS

60x47xh.92cm - 40kg  
29,6"x24,4"x36,2" - 88lbs

## PACKAGING

The armchair will be delivered properly protected, inside a triple cardboard box reinforced on its sides with pine wood. The box is placed on a European pallet.

## CLEANING AND MAINTENANCE

Brass Varnished Finish: Clean with a dry cotton cloth or a damp cloth (only use water). Do not use any cleaning agents. Do not apply any abrasives, alcohol or solvents.  
Black Label Brass Finish: As above. Please note that with the passing of time, the black patina will start revealing the brass surface beneath.

## USE AND PLACEMENT

It is recommended that these pieces of decoration not be placed outdoor, or in any environment with high humidity and or condensation.
