

# Pentagramma

Designer	Pitsou Kedem
Year	2023-2024

Pentagramma by Pitsou Kedem interprets in a sophisticated way the concept of the living system, placing the emphasis on lightness. Characterised by remarkable simplicity in both composition and installation, the design starts with an extruded aluminum panel fixed to the wall, onto which various suspended elements, open compartments or shelves are attached. Its construction inspired its name: the wall-mounted back panel, onto which accessories are applied to create compositions, resembles a music staff where notes are written to compose a melody.

Also available in the Sideboard version, Pentagramma meets the organisational needs of domestic and professional spaces, from living areas to bedrooms and office environments. The base L-shaped element accommodates storage units with a flap door and open compartments, available in the colours from the collection. Highly flexible and versatile, this system allows for reconfiguration over time. With just a few components, it is possible to create endless combinations that fulfil a variety of functions and uses, seamlessly adapting to both residential and contract spaces.

## Wall panel

20 mm thick extruded aluminium, covered in veneered wood.

The panels can be fixed to the wall using the aluminium bar provided, onto which the hidden panel brackets are hung.

## Base element

"L" structure in 0.8 cm thick medium-density fibreboard panels, veneered. 5 cm black plinth. Adjustable feet +/- 1 cm.

The base element can be integrated with LED light.

## Open cabinets

Extruded aluminium for the back of the units, while the rest of the structure is made of medium-density wood fibreboard panels, laminated with aluminium to increase the container's resistance and sturdiness. All the open units are liquid painted in matt colours.

The units can be freely positioned to allow compositional freedom.

## Shelves for wall panel

8 mm thick extruded aluminium with a matt, liquid-painted finish.

Attachment system to the wall panel via the extruded section itself. The various modules can be arranged and positioned as required.

## Cabinets with door

Matt lacquered medium-density fibreboard panels. Door with pantograph opening mechanism.

The units can be freely positioned to allow compositional freedom.

# Pentagramma finishes

## Wall panel

Bleached oak X075  
Canaletto walnut X159

## Shelves

Matt painted white X053  
Matt painted lead black X138  
Matt painted shadow grey X122

## Base

Bleached oak X075  
Canaletto walnut X159

## Cabinets

### With door

Matt lacquered white X042  
Matt lacquered lead black  
Matt lacquered shadow grey

### Open

Matt painted white X053  
Matt painted lead black X138  
Matt painted shadow grey X122  
Matt painted burgundy  
Matt painted English green  
Matt painted dune  
Matt painted navy blue
