RS Stationary Ping Pong Table · Rafael Rodríguez

The RS Stationary ping pong table has real character. Its wooden legs give it strength and toughness. It invites you to play with no holds barred, to give it all, because you know that it can handle it. Without question, this is an all-terrain ping pong table. It was inspired by the idea of creating a playmate for the RS3 Wood, our wooden legged football table. They make a perfect couple, sharing outstanding design with strong lines and striking presence. But it has loads of personality in its own right. A ping pong table designed and manufactured for intense play. To last for as many matches as you can ever play.

RS Stationary es una mesa de ping-pong con carácter. Sus patas de madera le imprimen fuerza y resistencia. Invita a jugar sin reservas, a darlo todo, porque sabes que va a responder. Así es: un ping-pong todoterreno. Nació de la idea de crear el compañero de juegos para el RS3 Wood, nuestro fútbolín con patas de madera. Juntos hacen un tándem perfecto. Comparten un diseño imponente, unas líneas firmes y una presencia indiscutible. Y, por separado, se hace valer con su arrolladora personalidad. Un ping-pong pensado y fabricado para el juego intenso. Para durar tantas partidas como seas capaz de jugar.
