INTERVALLO IS MORE THAN
A BREAK: IT'S AN INTERLUDE
TO THINK THINGS OVER,
TO SEE THE WORLD FROM
ANOTHER PERSPECTIVE,
AND TO ELABORATE NEW TACTICS,
BEFORE GETTING BACK
INTO THE GAME.

LIFESTYLE

comfortable modern interiors

Long before there were words such as “sustainable” or “green,” Teckell was crafting objects with Mother Nature in mind – that is, gorgeous, 100% Italian objects made with fine materials that are cherished and handed down. Intervallo foosball tables feature solid woods and crystal, a precious yet robust material.

Wood is in Teckell’s blood. Our first Calcio Balilla collection was created in a family-run carpentry workshop. The same artisanal and detail-oriented approach lives on today in each of our collections. Our designers are also constantly searching for ways in which to modernize Teckell’s tables while maintaining that delicate balance of craftsmanship, function and a pure style.

Teckell has found the perfect balance between technology and craftsmanship. Master artisans are behind the creation of every single foosball table. Just as past generations, they carve the wood structure and cut the extra clear glass but are now armed with the latest tools: CNC machines ensure unrivaled precision and significantly reduced waste. Computers help craft these works of art but don’t make them run.

The wood and chrome details that define Teckell Intervallo are also found in elegant, timeless interiors. The table with its lean lines emanates a Scandinavian feel, blending in wonderfully in warm, harmonious environments, while staying true to its 100% Italian roots, which guarantee quality and that extra special touch.

Rod ends featuring two layers of shock absorption.

Rods are equipped with special, self-lubricating bearings so that they slide back and forth quietly, smoothly and quickly.

Telescopic bars.

Players made of aluminum: one team silver epoxy powder coated; the other black epoxy powder coated.

Goals with polished stainless steel frames and handcrafted black nets.

Solid milled Canaletto walnut structure.

Shell perimeter in 15 mm thick crystal. The vertical plates are tempered glass; the curved ends have undergone a hot bending process. Every component is polished with cerium oxide.

Playing field in 12mm thick, tempered clear crystal.

Thick crystal structure increases the game's speed.

Hidden, adjustable feet for leveling table.

Quick mount Canaletto walnut handles that fit perfectly and can be removed and replaced.

Designed for indoor use.
